CHAMPIONS OF THE NEW SHORT PLAY

**SUPPORT
INK 2020**

INK is a theatre company and registered charity, that sources, develops, and produces the best new short plays for stage and radio, from writers, whatever their age or experience, predominantly from East Anglia.

INK is the **UK's largest short play festival** and over 6 years has become an exciting and vital part of the East Anglian Arts Calendar

Every year we showcase the best new plays at the **INK Festival**, held at The Cut, Halesworth, Suffolk, and take a selection of the productions on tour around East Anglia and further afield to great critical acclaim.

INK aims to inspire, challenge and inform by engaging with the local, and wider community, transforming lives with our:

- Pen to Performance Schools' Project
- INK Youth Company
- The Golden Age Programme
- Workshops, talks, and mentoring schemes

This is an incredible Festival to be involved with, it is already great and yet now INK is on the cusp of something amazing, we are delighted to be involved and watch the publicity and support for INK explode
